On September 10, 2011 Kate Riley and Bryan Rotundo were married on Beach 8 among family, friends and Frye Islanders. It was a familiar walk down the "aisle" for the bride, who has been a Frye Islander since 1981. (Her sister, Heather was married on Beach 8 twelve years ago, and her parents Brian and Carol Riley marked their 40th anniversary by renewing their vows in May.) Barefoot guests were treated to a beautiful evening at the beach and, after sunset, continued the party at the Community Center. After the celebration, the couple headed off to Guatemala and Belize for their honeymoon. Best Wishes Kate and Bryan!

Town News

Island Manager's Comments

Greetings everyone:

The annual Town Meeting has been scheduled for Saturday, October 8th.

A copy of the warrant for the meeting has been posted on the website and on the Town bulletin board. In addition, we will have copies available at the meeting. There will be elections for three open positions at the meeting; two Board of Island Trustee (BIT) representatives on the Executive Committee and one selectman. All three positions are for three year terms. The candidates are:

The BIT candidates:

- David Bond – Dave is seeking his second three year term on the Executive Committee, having been elected in 2008. David is the Public Works Director for the Town of Topsfield Massachusetts. In addition to serving on the Executive Committee, he also serves as the Commodore of the Frye Island Yacht Club. In his spare time he has been volunteering with the Frye Island Public Works crew in the spring and fall opening and closing the water system and where needed during the summer. Dave, his wife Heidi and their children, live at 297 Leisure Lane when on the Island and in Topsfield MA during the off season.
- Tim McCarthy – Tim is seeking his first term on the BIT Executive Committee. However, he has been on Frye Island with his wife Mary and their children since 1996. Tim has been employed in the computer industry for 31 years, holding many senior management positions during this time. In addition to a busy professional life, Tim has served on the Frye Island Marina Committee and the Frye Island Board of Appeals; chairing both the Board of Appeals and the Marina Committee. While on the Island, Tim and his family live at 159 Leisure Lane. During the off season they reside in Hampton NH.

Selectman candidate:

- Brian Walker – Brian served as a selectman previously being elected in 2005. Brian was employed at B&M Baked Beans in Portland Maine for many years before becoming the warehouse manager for B&G foods. He later served as the manager of their regional warehouse complex in Pennsylvania. Brian and his wife Susan moved back to Maine recently, and now reside in Old Orchard Beach when not on the Island. When on the Island they live at 1095 North Beach Road.

Meetings: Executive Committee: The Executive Committee meeting scheduled for September 24th has been cancelled. The warrant and the proposed budget were approved at the meeting held on September 17th.

Have a great weekend and stay safe.

Wayne

Zoning Board of Appeals

Friday, September 30, 2011 at 7:00 PM
Community Center
Agenda

Approve minutes of September 16 meeting

With Deepest Sympathy

To Our Code Enforcement Officer – John Thompson for the passing of his mother.

Mary Elizabeth Nelson Gilpatric

PORTLAND -- Mary Elizabeth Nelson Gilpatric, 87, passed away surrounded by her loved ones on Monday, Sept. 19, 2011. She was born in Portland on April 18, 1924, to the late Emile C. Nelson and Lucy M. Gilhooley.

Mary worked at the American Can Company for over 30 years. She was an avid square dancer and enjoyed ceramics, gardening, doll collecting, and playing beano. She was also a member of the Eagles Auxiliary and the Red Hat Society. Mary retired in Clearwater, Fla., for 13 warm years.

Mary was predeceased by her two brothers, Harold Nelson and Robert Nelson. Mary is survived by her two sisters, Annette Ward and Marion Mitchell. She is also survived by her five loving children, John F. Thompson, Robert J. Perry, Stephen M. Perry, Mary E. Murphy, and Susan C. Joyce; 13 grandchildren; 16 great-grandchildren; and one great-great- grandchild.

Mary was happiest spending time with her grandchildren.

Lieutenant Scott Milley Memorial Bench at Beach 6

(March 26, 1987 – November 30, 2010)
Last November, 1st Lieutenant Scott Milley, grandson of longtime island resident Warren Milley, 860 Sunset Road was killed in action in Afghanistan.
Scott, 23 years of age, was a 1st Lieutenant serving as a member of the elite Army Rangers assigned to the 2nd Battalion, 30th Infantry Regiment, 4th Brigade Combat Team, 10th Mountain Division out of Fort Polk, LA
1st Lieutenant Milley's military accomplishments were many, including the Purple Heart, Bronze Star, the Afghanistan Campaign Medal, Combat Infantryman Badge, National Defense Service Medal, Global War on Terrorism Service Medal, the NATO Medal and the Army Service Ribbon. He completed the Infantry Officer Basic Course, Airborne School and Ranger School.
Scott's love of life was infectious, and there was no place where this enthusiasm and vigor was more evident than Frye Island. Every person who had the privilege of meeting Scott will never forget what a great person he was.

Attention All Property Owners

As we quickly approach the end of our season here on the Island, this reminder goes out to all while closing up your properties for the season – **be sure to disconnect your waterline** from the Town System **<u>and</u> leave it disconnected** to avoid getting water in your piping when lines are abandoned.

Windham Food & Clothes Pantry

Please drop all your non-perishable goods before leaving the Island at the bin located next to the Post Office near the ferry landing. All donations will be appreciated and taken over to Windham on Monday mornings.

Waterline Work:

Please! As you close up for the season disconnect your waterline from the street. We will cut your line if you don't.

Also those camps on Leisure that are to be connected to new line next spring, please note; If you have some special hookup to the town line, such as unions or some other quick connect, PLEASE remove it for safe keeping. We can not guarantee that we can return your hook up as before. Those camps affected are Leisure Lane from the north end of Timber Road all the way to the Birch Road split.

Harry (the engineer) Holgerson and Steve (paper towel) Kaplan completed work for the season, THANKS, to you both for a job well done on the waterline. Tim will try and carry on without his two trench monkeys.

This week's quote;

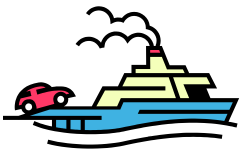
"The older I get, the better I used to be!"

Lee Trevino

Thank you

Thanks to Mr. and Mrs. Bill Stevens who made a wonderful lasagna lunch with all the fixings for the DPW and Golf crews.
Thanks to you both, it was delicious!

Harry Holgerson, Kim Peters, Steve Kaplan, & Tim Knight



Ferry News

This Week's Ferry Schedule

	First Ferry	Second Ferry
Saturday	7 AM – 11 PM	
Sunday	7 AM – 9 PM	12 PM– 8 PM
Monday	7 AM – 7 PM	
Tuesday	7 AM – 9 PM	
Wednesday	7 AM – 7 PM	
Thursday	7 AM – 11 PM	
Friday	7 AM – 12 Mid	3 PM – 9 PM

Ferry Thank You's

Ferry Thank You's to Pat Mitchell for the banana bread, Heidi Bullock for the apple brownies, Deb Edwards and Bob DeFelice for the pizza and banana bread, and the Salingers for the dog treats.

Camera

"Camera's Not Working" sign. If you are the first one in line and the yellow Camera's Not Working sign is up please call us. In fact, you should call regardless as the Ferry does not run empty from the Mainland. Last week there was no one to bring over from the mainland and no calls from the island so we did not make the run. When we finally got one car to bring over to the island there were 14 cars in line to get off. So please "take note" and call.

Thanks for your co-operation!

Rod Beaulieu
Chief of Police

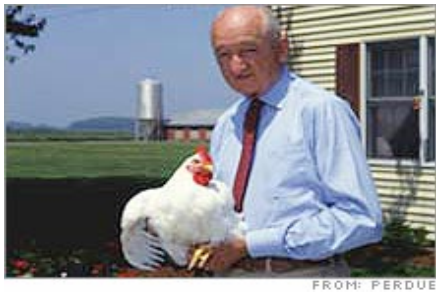
Another Security Tip

Some of us will be placing plywood over sliding doors and large windows to keep the weather and thieving low lives out of our homes. When doing so, use several different screw heads, phillips, straight, square and hex head screws to affix the plywood to your home. Randomly insert the screws on the plywood as you screw the sheets to your home. Take a little extra time and think like a thief, remember we are not dealing with brain surgeons. These thieves are largely lazy and unmotivated. One could probably take a walk through their collective gene pools without getting their feet wet.

Thought for the week;



"It takes a tough man to make a tender chicken"

~ Frank Perdue

Beach Fires

It has been brought to my attention by concerned citizens that wood fires have been started using cookout material that was left behind at one of the beaches. These items included lighter fluid, charcoal and matches. The fires were started by young people and left to smolder, unattended. Please take all cookout material with you when you leave the beaches.

Snowmobile wanted

I am still looking for a reliable, reasonably priced snowmobile to replace our 22 year old snowmobile. If you have a sled you are willing to part with or know of someone that wants to sell theirs, stop by the office or email me with the details.

As Always, call 893-2810 for the police services

Respectfully,
Rod Beaulieu
Chief of Police

Fire Department

Fire Barn: 207-655-8618

ANNUAL BARN DANCE

Saturday, October 8, 2011 6:00 PM at the Fire Barn

To All Frye Islanders For Their **Support** Of The Frye Island Volunteer Fire Department **We Thank You!**

Please Come Join In The Fun
Pot Luck Supper Beginning At 6 PM

9 or 18 Holes: $4.00

Club Rentals: $12.00

Own Cart (no trail fee)

9 Holes: $10.00
18 Holes: $20.00

Tournament

TKE Tournament this Saturday, check for available tee times.

Tentative 2011 Tournament Schedule

Date	Tournament	Organizers
Sat, Sep 24	TKE Fall Classic	Hodge(s)
Sat, Oct 1	Big Break	Various

Thank you

Special thanks go out to Vic Solimini for his continued generosity. Vic designed, constructed and supervised the installation of the new fence just off the 6th hole. This fence is designed to keep out people and vehicles that were entering the course from that hole causing them the potential for great harm from incoming golf shots. Thank you, Vic.

Reminder

All pro shop credits must be used by the end of the season. They cannot be carried over to next year.

Sunday Morning Scramble

Every Sunday morning, tee off at 9:00am, sign up starting at 8:30am.

Sunday, September 18th Scramble Results

1st Place Team (-5) $39.00 each:

George Greenwich
Mike Morrill
Bob Bullock
Vic Solimini

2nd Place Team (-3) $13.50 each:

Charlie Carroll
Don Davis
Mark Thomas
Phil Spring
Sean Bland

Closest to the Pin $21.50 each:

Jack McKee & Tom Canty

Tips for closing up your cottage for the season

Saying goodbye to summer sun and surf is always difficult, but closing up your property for the season doesn't have to be a bummer. While there are many things that must be done to ensure the well being of your investment, a quick and simple checklist of 3 key issues will help save time and money next spring.

PLUMBING

While it's often best to hire a professional and get the job guaranteed, doing a few things on your own is easy and cost conscious. Taking necessary precautions with your water lines is essential for preventing devastating damage caused by leaks or breaks in interior and exterior plumbing.

- Shut off and drain all Outside Water Valves
- Turn off Main Water Valve, open all faucets and allow complete drainage
- Winterize your toilets, sinks, tubs and showers with antifreeze. Drain, or have your plumber drain, the outdoor shower and all outdoor faucets. Make sure the water is turned off at its source.
- Leave Cabinet Doors open slightly to allow heat to plumbing in bathrooms and kitchens
- If you have a Sprinkler System, be sure to have it professionally drained.

ELECTRIC

Taking a few simple steps to avoid excess electric bills and possible fire hazards is important when closing up for the season. Here are just a few ways in which you can limit energy usage while you're gone and help prevent a housing crisis from arising from wiring issues:

- Unplug All Appliances, not just the toaster. Make sure your refrigerator, televisions, and any other electrical gadget is disconnected.
- Survey trees around your Electric Lines to be sure lines are clear of debris and branches that could cause problems in your absence.

HOME DEFENSE

Losing valuables to a thief is not only frightening, it's downright infuriating. Don't let criminals take advantage of your neglect. Here are some basic security measures that will limit your vulnerability and that can keep you from becoming a victim:

- Lock all entryways and windows. If you have storm doors or windows, be sure to have them shut and locked.
- If you have a Professional Security System, be sure to arm it when you leave. If you don't have one, consider getting one.
- Consider hiring a professional Home Watching Service in your area to act as your eyes and ears.

Once you go over the basics of closing up your beach house, leaving will still be hard, but at least you can have peace of mind knowing that your investment is well taken care of when you can't be there.

TIPS FOR MAINTAINING WOOD STOVES AND FIREPLACES

Being educated about fireplaces and wood stoves before accidents happen can prevent serious loss of property and life. These safety tips can help you keep your fireplace or wood stove in safe operating condition during the cold weather.

Have the fireplace or wood stove professionally installed according to the manufacturer's guidelines and clearance requirements. Stoves and manufactured fireplaces should pass the test of a nationally recognized testing lab, such as Underwriter's Laboratories, or pass testing equal to UL testing standards.

Purchase a UL listed smoke detector for your house and have it properly installed.

Hopefully your house is already hard-wired for smoke detectors. Purchase a UL listed multipurpose fire extinguisher.

Use the proper fuel for the stove or fireplace. Burn only logs in a wood burning stove, not paper or building material wood.

Make sure the ashes are completely cool before removal. Place them in a **noncombustible container** for disposal, preferably one not kept inside the house or garage.

Have a professional chimney sweep regularly clean the chimney to reduce creosote buildup.

Don't place furniture or household items on or near the stove during operation

BE SAFE WHEN IT COMES TO OPERATING AND MAINTAINING YOUR WOOD STOVE OR FIREPLACE

Marina News

Safe Boating Tips

When winter comes and you are no longer going to spend time out on your boat, you need to find a way to find the right kind of boat storage for yours.

The are many benefits to be had from storing your boat correctly and whilst it may take a little time to get the job done right by following good boat storage procedures will not only save you money but a lot of stress as well.

Below you will find a few tips that need to be followed in order to make sure that your boat has been stored correctly and you will need to have the following equipment in order to get it ready for storage.

1. Storage/Fogging Oil
2. Fuel Stabilizer
3. Anti-Corrosion Spray
4. Spray Lube
5. Trailer Jack
6. Tools

The first thing we are looking at is fuel stabilizer which helps to stop condensation forming in the fuel tank and fuel lines and therefore this needs to be added to a full tank of gas first. When adding the fuel stabilizer it is important that you follow the manufacturer's instructions to the letter. Now start the motor on flusher for approximately 1 minute in order to push the treated fuel through the fuel system.

Now we come to fogging oil this is applied to the carburetors. You will find that most boat motors have fittings for applying fogging oil. However, if yours does not have such a fitting then you will need to find openings where this oil can be applied (you may even have to remove the carburetor cover to do this). However, what you should remember is that fogging oil will make the motor of the boat smoke more than is normal when you run it the first few times.

Next you will need to unhook the flusher and drain the gear case and then refill with fresh lubricant. If you happen to notice water in the flushed lubricant this may be a sign that the shaft seal needs to be replaced. It is important to remember that a bad seal if not replaced could cost you $1,000 or more in repairs.

The spark plugs should be removed and spray fogging oil into the cylinders, also clean the housing and coat electrical connections with an anti-corrosion spray. Also replace the removed spark plugs with new ones.

Next you should inspect the steering all of the cables both on and in the steering column and clean out any grime and then let the shaft air out. Ensure that all cables have been sprayed using anti-corrosion spray.

Now you will need to disconnect the battery and clean all the terminals and spray these with anti-corrosion liquid and then store it properly. Also remember to put the battery on charge for a couple of days each month whilst the boat is in storage.

The motor of your boat should be tilted downward in the running position and cover with a motor cover. It is important that you do not use plastic to cover the motor as it will trap moisture against the motor instead use either a cloth or canvas covering (it allows the motor to breathe).

If your boat is being kept on a trailer inspect it fully and grease all the bearings on it. Also check the tires and spray any unprotected metal or iron parts with an anti-corrosion spray.

Now you have correctly stored your boat by following the tips above you will be able to relax and look forward to next season.

- Storage Tips- Strategically place handfuls of mothballs in the bilge and compartments on your watercraft to deter field mice and nature's critters from making their homes in your boat for the winter months. Place an uncovered five gallon plastic bucket filled with loose charcoal briquettes in the center of your galley area or cockpit for winter storage. The briquettes wick away moisture and give your watercraft a clean odor after a long winter.

Activities & Recreation

Recreation Chairperson: Tom Bishop

UPCOMING EVENTS – MARK YOUR CALENDARS NOW!

DATE	TIME	EVENT	LOCATION
Saturday, 9/24	TBD	TKE Fall Classic (Private Event)	Golf Course
Saturday, 9/24		Tennis Tournament	Community Center Courts
Saturday, 10/1	1:00PM	Big Break Golf Tournament	Golf Course
