OLD BUSINESS

The conservation brochure is done and will be printed by the office. A copy will be put in the new kiosk at Small Frye Island.

The new trail map, being developed by George Mackey, will be put in the kiosk. It will indicate where picnic tables are placed. Ed will try to develop a waterfront lot for a table in the area of lots 1609-1611.

Andy L. will organize and make a sign for the town office conservation space.

All maps need dates since things are still developing on the island.
