Island Manager Comments

Greetings: I am sure that summer isn't over yet but it sure seemed it this week as the rains returned and the temperatures dropped into the 50's again. Hopefully, the sun will return for the weekend.

Long Beach Marina & Quail Circle Canal: We have had some changes in the slip assignments because some people decided not to pay the appropriate fees and therefore the slips have been reassigned. We now have 6 available slips at the Marina. If you would like a slip for the season please contact the office. Quail Circle is full and we have a number of people on the waiting list for that area.

Willis Property: All of the documents have been signed for the interim financing and the title work has begun. We have set Monday as the tentative date for the closing. We were originally shooting for closing on the 17th but the property owner called and said he had been called out of town and wouldn't be returning until next week. Assuming there are no title issues, we should be ready to close on Monday.

Election of officers: During the annual July town meeting, one responsibility of the voters is to elect municipal officers (i.e. Selectmen) and Board of Island Trustee representatives to the Executive Committee. This year, however, the election of municipal officers will be unique in that we will be voting on candidates for all three selectmen's positions and 2 of the 4 Board of Island Trustee representatives to the Executive Committee. Many times I have heard concerns about how the Towns affairs are managed. This is your chance to make a difference by running for one of these vacant positions. I have included excerpts from the Charter that pertain to these officials.

Section 1. Composition, Eligibility, Election. There shall be a Board of Selectmen of three members nominated and elected at large by the Voters of the Town. The eligibility for service on the Board of Selectmen shall be limited to Town of Frye Island Voters who shall remain a Voter during such service. No more than one person from an immediate family shall serve on the Board of Selectmen. Election to the Board of Selectmen shall be filled by election using written ballot at the Annual Town Meeting; all positions can be listed on a single ballot. Candidates should give notice at least 14 days before the Annual Town Meeting (allowing a candidate's name to be included on the Warrant). The winner of the election shall be the individual with the largest number of votes; no majority of votes cast is required for election; in the case of a tie, the individuals involved with the tie will be asked if one or more will withdraw to eliminate the tie, otherwise, another election will be held as soon as possible. No absentee ballots will be permitted.

Board of Island Trustees Eligibility for Membership. He or she must be a citizen of the United States, at least 18 years of age, and an owner or a spouse of an owner of real property located within the Town of Frye Island with a fixed home currently occupied by the person, maximum two people per fixed home.

Executive Committee. Executive Committee of the Board of Island Trustees (referred to as Executive Committee in this Charter) shall be composed of seven members; the three Selectmen are automatic members and the other four are elected by the Board of Island Trustees. The Executive Committee shall elect from its members a Chairman, a Secretary and any other positions it deems necessary. Elections to the Executive Committee shall be for staggered three year terms by written ballot. Each position with a different term shall be a separate position so indicated at the time of the election; multiple positions can be on a single ballot. The winner of the election shall be the individual with the largest number of votes; no majority of votes cast is needed for election; in the case of a tie, the individuals involved with the tie will be asked if one or more will withdraw to eliminate the tie; otherwise, another election will be held as soon as possible. Candidates shall give notice to the Town Office at least 14 days before the Annual Meeting of the Board of Island Trustees or nominations can be made from the floor at that Annual Meeting.

The following positions will be open at this year's election:

- Selectman – one-one year term
- Selectman – one-two year term
- Selectman – one three year term
- BIT/EC representative – two three year terms

If you are interested in running for any of these positions please submit a short, one paragraph biography to the office. I would like to publish this information in upcoming FINS so that Island voters will get some information on the Candidates before the elections.

Taxes: Just a reminder that the second half of the 2005 tax payments are due on June 30th so you have less than a month to submit them.

Haul –Out Facility: We continue to experience operating problems with the haul out facility so we have contacted an engineering firm in Portland to do a peer review of the design. We are in hopes that they will be able to identify the reasons that the system is not operating satisfactorily and recommend corrective action.

Fire Works: The annual fire works display is scheduled for the evening of Saturday July 2nd. That means it is time for me to begin my annual plea for donations. We have committed to \$5500.00 again this year and so far we have only collected \$2657.00. If you have not contributed yet, please do - so that we can continue this tradition.

Police Activity: We did have a “fender bender” on the ferry last weekend. No fault of the ferry crews but it does show that everyone must be extremely careful when loading and leaving the ferry.

Have a safe and sunny weekend!
Wayne

SELECTMAN – 2 YEAR TERM

BRIAN WALKER – My family and I have been Frye Island property owners since 2000. I have been a resident of Maine for 48 years. I have been employed with B&M/B&G Foods Inc. for 26 years. I am currently the Distribution Manager for B&M/B&G Foods Inc. for the Northeast region. I am a graduate of USM with a BS degree in Business Mgmt/Accounting. My wife and I will be married 28 years this fall. She is employed at St. Joseph's College in the financial dept. We have two sons, Scott, and Andrew. Scott graduated this May from St. Joseph's College with an accounting degree. Scott and his fiancé Anna will be married Oct. 8, 2005. Andrew will be a senior at SJCME fall 2005. I have a strong bond with Sebago Lake and have always had a passion for the well-being of Frye Island life.

I would like to be considered for the selectman position for the two year term.

Thank you
Brian Walker

SELECTMAN – 1 YEAR TERM

JOHN NUN - My wife, Mimi, and I have been island residents since 1991, living at 269 Leisure Lane. I currently work full time in the winters and part time in the summers consulting to the US Army Space Program in the Washington, D.C. area, and live on the island almost six months of the year. I am planning on retiring in the near future which should leave me more time to devote to personal interests, one of which is the Town of Frye Island. My wife is still actively selling real estate in northern Virginia. I graduated from West Point in 1958, have MS degrees in Aerospace Engineering and Systems Engineering, and retired from the Army in 1979. On the island, I served with the Volunteer Fire Department and as a First Responder. I worked with Fritz Mueller on the Town Comprehensive Plan and briefly worked on the Conservation Committee. I have been a registered island voter for the past five years.

I would like to be considered for the one year term of town selectman.

Wayne Fournier, Town Clerk
Town of Frye Island

(SEAL)

THANK YOU

Elections were held Tuesday June 14th for the Town of Frye Island registered voters to vote on the MSAD6 budget. Fifteen people showed up to vote. I would like to thank the following volunteer ballot clerks and counters:

Grace Morin, Ruth Bourque, Kathy Potts, Carl Hommel and Nancy Fournier

Nancy McEnaney
Deputy Registrar

RESIDENCY AND MAINE'S INCOME TAX

Many Islanders who have a home in another state have difficulty understanding how becoming a voter on Frye Island will affect their tax responsibilities in Maine. There is a document prepared by the State of Maine Revenue Services group that is intended to help you understand the difference between "resident" and "nonresident" for tax purposes. A copy of that document can be found on the Frye Island website. Look under the pull-down menu "Find Information", then "Topic Index", and then "Maine Residency Status" on the Index of Contents page. It is possible for a person to have their primary domicile in another state, not be required to pay any Maine income taxes, and to become a Town of Frye Island Voter. Check out this information to see if you can become a Town Voter.

CODE ENFORCEMENT

Land Uses on the Island do require a certain amount of regulation. There are Building Codes and Ordinances adopted by the Town that are administered by the Code Enforcement Officer. For the most part property owners are aware that a permit may be required and in most cases one should call the office to inquire if one is needed. I would encourage anyone who proposes to alter his or her property in any way to call my office and ask the question. I hope to submit information in this newsletter on a regular basis especially when I see activity which does requires a permit or approval of some kind. Issues I currently have noticed are as follows.

Building without a permit.

The Land Use Ordinance states, No Building, improvements, or other structures shall be installed or erected, moved, added to, and structurally altered without a permit therefore issued by the Code Enforcement Officer. This includes porches, decks, walkways and docks. You might not think docks would require a permit but they are a structure according to the town's Shoreland Zoning Ordinance. The State of Maine and the Town use the permitting process to track the size and location of docks. The State clearly states in their guideline that docks in any configuration should be between 4 and 6 feet wide. Idea being that no dock placed over the water body should resemble a deck or patio. Boat lifts are also considered structures but are not considered water dependant. Meaning they are not allowed to be placed below the waterline.

Trees removal requires town approval. The state regulates tree removal within 250' of the water. The town regulates tree removal every where else. On lots that have no principle structure no trees can be removed without a building permit except that a driveway can be installed 25' off the road. Driveway must be approved for location and drainage. Remember you can contact the Code Enforcement Officer (Mondays and Thursdays) if you have any questions or concerns.

Paul White, Code Enforcement Officer

VIC RICHARDS MEMORIAL

Vic's memorial granite bench has been installed and will be dedicated during the Independence Day celebrations this year.

IN MEMORY OF RON & CLAIRE WEIR

Sad to say that Claire Weir passed away a few days ago, less than 10 weeks after her husband Ron. Claire had been in poor health over the past few years and deteriorated drastically over the winter months. They are survived by Donald Weir of Danvers. Condolences can be sent to Donald Weir at 24 James Street, Malden, MA 02148. I am sure many will remember this wonderful couple and the color they added to the island. They will be missed very much.

2005 FIREWORKS

The 2005 fireworks are tentatively scheduled for Saturday evening, July 2nd at dusk. We need everyone's help with donations to accomplish this. Again this year we are falling short on the fund raising. We need \$5500.00 for the fire works display and have raised \$2657.00 to date.

Reminder: This year like all others, we will have to move some of the boats out of the Marina for the fire works. Boats must be moved by 5:00pm. The slip numbers are from #96 on the lake side to the beach and #75 on the inland side to the beach per order of the State Fire Marshall (these slips have varied from last year).

7:30 PM. at the Community Center Library

All are welcome

ATTENTION ALL FRYE ISLANDERS

Come to the Leisure Lounge and give a rousing Frye Island farewell to Bob and Jan Roberts who are leaving the Island after 20 years of residence.

Bob has served as one of our Selectmen for the past several years and both he and Jan have contributed countless hours to the betterment of the Island.

So, if you'd like to stop in and say goodbye, join us next Friday the 17th between 6:00 pm & 8:00 pm.

Frye Island Garden Club

Thank you to our faithful worker bees who came to the first garden club meeting. We tidied up and fed the beds at the community center. There is still much to be done. If you can come thirty minutes early to the next meeting, it would be appreciated. There is still weeding to be done under the lamp posts.

The next meeting will be Saturday, June 25 at 9am at the community center. This is a departure from our usual third Saturday of the month. Our program will be fun.. Nancy Keup will aid us in making memorabilia stepping stones which you may take with you. Come prepared with buttons, sea glass, marbles, colored glass fragments, shells or anything that you may think of. This would be a fun project to do at home with children.

Claire La Dow is still selling Bobbex. She can be reached at 655-7730.

A SINCERE THANK YOU

A sincere thank you to all those who responded so quickly and professionally to our grandson, Michael's, broken leg on May 28, 2005. From the town office staff members, to the police, the fire department, EMTs and Raymond ambulance service, all performed in a manner that should make Frye Islanders proud and comfortable knowing that, when needed, help will be on the way. I was also impressed by the fact that someone was even assigned to direct traffic, coordinate the ambulance arrival off the ferry and lead the way to our location on the island.

**Town of Frye Island
Public Works
Transfer Station**

In order to insure we comply with “*Universal Waste Disposal Procedure*” – we must control access to the Transfer Station. Starting this season the Transfer Station gates will be fully closed and locked when the Transfer Station is not attended. If you are inside the Transfer Station when the gates are locked and the attendant is not present you are TRESSPASSING. Also if you leave trash or other items in front of the gate or over the gate you are LITTERING (of which, if caught is a minimal fine of \$100.00).

Fees will be charged for some items. Bagged household trash and sorted recyclables may be deposited at no charge. To deposit all other items you must display a current resident sticker on the vehicle transporting the disposable items to the transfer station. Only property owners in good standing will be issued these stickers.

All fees and operating rules were approved by the 2004 October Town Meeting after several public hearings. A disposal fee must be paid for these items before they can be off-loaded at the transfer station. As a reminder, the approved fee schedule has been printed with this news. Transfer station hours of operation are as follows.

Low season operating hours;

Saturdays 10am to 3pm

Sundays 12 noon to 5pm

Holiday weekends, closed Sundays, open Monday, 8am to 12 noon

If you need access to the Transfer Station Monday through Friday (between 8am to 3pm) Please call the Public Works Garage at 655-7493 first, if you cannot get a hold of them you may call the office at 655-4551 for an appointment. (Advance notice is greatly appreciated.) We will need your name and island phone number.

Thank you,
Your Public Works Department

Note: There is no longer curbside trash pickup. For those interested in hiring a private source, the “Trashy Women,” (who previously picked up trash curbside) would be interested. They can be reached at 998-3128.

Ferry News

We said “see you later” to Captain Melissa recently as she went to a job in her field of social work. She will be counseling inmates with substance abuse issues at the Correctional Center in Windham. We will miss her but are assured that she will fill in now and again as needed.

Welcome back to Captain Shannon who returns to us again this year after working on a cruise ship and the sailing vessel which will be based in the Pirates of the Caribbean Sequel. We’re very happy to have her back.

We’ve had a few owners, off and on, who get upset, even belligerent when asked their name and lot # before loading. We are required as is stated in your Town Charter (“An access control system will be used to provide for a level of safety of users and to provide a reasonable level of security on the Island”), to ask for names & lot #'s of everyone going to the Island. This was the system for “Homeland Security” devised by your town government. Captains are permitted to deny access to people who do not comply, especially if they become unruly. Please kindly co-operate with the ticket agents. It is for your safety, personal and communal and on the bright side; it helps us to know who you are!!

Have a wonderful week!
The Ferry Crew

Hi, I’m Emily. I just graduated high school. I plan to attend culinary school this coming January. My favorite things in life are music, cooking, driving, extreme sports (anything dangerous), and having fun. I also work at the Frye’s Leap Café and the Cry of the Loon.

Have a fun season.
