Town News

Island Manager's Comments

Greetings Everyone:

It seems that our difficulties with the water system won't go away. About a month ago, the treatment system was struck by lightning and we continue to operate on back-up equipment until the replacement components arrive. Now one of the two pumps that takes water from the lake and pumps it to the treatment facility has failed. We have ordered a replacement pump, which we expect to receive by the end of the week. The new pump has a little higher capacity than the failed pump. The Public Works crew has worked hard to keep the system operating but we continue to require the ban on watering lawns and gardens. Your help ensuring that we can deliver a sufficient supply of water to all Islanders during this busy season is critical.

Board of Island Trustees

It became obvious again this week that some Islanders still do not understand the governmental system on the Island, so I'll try to explain it again.

The Town Charter, which was adopted when Frye Island became a town, established a Selectman/Town Meeting form of government. The registered voters of Frye Island elect the selectmen and conduct Town business. However, unlike all other municipalities in Maine, our charter also established a "Board of Island Trustees."

Eligibility for membership on the Board of Island Trustees reads as follows: "He or she must be a citizen of the United States, at least 18 years of age, and an owner or spouse of an owner of real property located within the Town of Frye Island with a fixed home currently occupied by the person, maximum two people per fixed home."

Basically, this means that if you are a citizen of the U.S., are at least 18 years old, and own a dwelling (a place where you can live) on the Island, you are automatically a member of the Board of Island Trustees. This is important because among other things, the Board of Island Trustees determines the fee structure for the ferry service and also approves the operating budget for the municipality. This is accomplished by attending and providing input at

the budget hearings which are conducted throughout the month of September and voting on the budget at the Island Meeting which is traditionally held on the Saturday of Columbus Day weekend in October. If you want input into this process, please attend some of these meetings.

Have a safe and sunny weekend!

Wayne

Jimmy Fund Walk

As some of us are aware, Matt Ashley (of Leisure Lane and Ipswich, MA) was diagnosed with leukemia last fall. The 14-year-old spent all winter and much of the spring at Children's Hospital in Boston and early this summer was able to come home and make a couple of trips to Frye Island. Unfortunately he has had a setback with some complications and is back at Children's Hospital. Some of the Ashleys' Frye Island friends and neighbors have asked what they can do. The Ashleys are big supporters of the Jimmy Fund and there is a walk on September 18 on the Boston

Marathon route. To sign up, you can go to jimmyfundwalk.org or, if you would like to make a contribution towards the walk, you can send a check made out to Jimmy Fund Walk to Barbara Gouzie, 1 Fordham Rd, Ipswich, Ma 01938. Prayers for a Matt's speedy recovery are always welcome, too.

Ferry Fees

The ferry crews continue to get a lot of verbal abuse from Islanders about the fees being charged for vehicles that are not on the discount list. Please remember that the ferry crew does **not** set the fees being charged; they are merely trying to collect the fees established by the Board of Island Trustees. Yelling and swearing at them and otherwise berating them is inappropriate and disrespectful. Below is the discount fee table that was approved by the Board of Island Trustees at the Island meeting held on October 9, 2004. If your vehicle type does not appear on this list, you must pay full fare. If you are unhappy with the fee schedule, we urge you to attend one of the meetings that will be held to discuss the next budget and establish the fee schedule and voice your opinion.

Vehicle Type	Discount Fee	Discount w/ single-axle trailer	Discount w/ double-axle trailer	Discount w/tri-axle trailer
Pedestrian w/Bicycle	\$5

Spotlight on the Ferry: Captain Bill Mulkern

I was born and brought up on Peaks Island, Maine, and served in the U.S. Coast Guard for 30 years. During my career, I made two trips to Antarctica aboard the icebreaker Eastwind and served on the oceanographic ship Evergreen on international ice patrol off Newfoundland and Thule, Greenland. I also did oceanographic work at the Arctic Circle, Holland, Germany, and Scotland.

Later, I was Commanding Officer of the three Coast Guard ships, as well as Commanding Officer of Coast Guard Base Rockland in Rockland, Maine. On January 1, 1987, I retired as Chief Warrant Office W4 Bosn.

In May, 1987, I started working as part-time Second Boat Captain for the Frye Island Municipal Association. I have met some fine people at Frye Island over the years and find it to be a great place to work.

Disposal of Cleared Growth

It has been noted that many landowners/homeowners have cleared forest growth on their property but have not disposed of it properly. This is in violation of the State of Maine, Laws of the Fire Service protocols. This is a serious infraction due to the possibility of the ignition of highly combustible slash and the spread of a fire into forest growth and residential areas.

Property owners are required to dispose of this slash properly within a certain timeframe. The Town Fire Warden is compiling a list of property owners in violation of this law. Property owners will be notified in the near future if they are in violation. Following is an excerpt from the laws governing the disposal of slash.

Note: Code Officer Paul White reminds us also that disposing of leaves or brush and dumping on other peoples' undeveloped property or town property is not permitted.

State of Maine Laws for the Fire Service Department of Public Safety Office of the State Fire Marshal

All slash resulting from such cutting of forest growth shall not remain on the ground within the right-of-way or within 50 feet of the nearer side of the shoulder of the right-of-way.

Disposal; along land bordering on another

All slash resulting from such cutting or forest growth shall not remain on the ground within 25 feet of the property line, providing that the director on his own initiative or upon written complaint of another declares that the situation constitutes a fire hazard.

Disposal; by dwelling houses

The director may require the removal of slash within 100 feet of buildings and trailers currently used for human occupancy when, in his judgment, such slash constitutes an unusual hazard endangering other property through the setting or spreading of forest fires.

Disposal; manner of

All slash resulting from cutting of forest growth shall be removed the required distances under this Article and scattered or chipped and not piled in windrows within 30 days after cutting or within 30 days of notification to remove, as provided.

Prohibition

Failure to comply with the slash disposal requirements of this Article shall subject the person responsible to a penalty as set forth in section 9701.

Jurisdiction and Penalties

9701. Penalty

Unless otherwise specifically stated, any person who violates any requirements of this Part, the condition or terms of any permit or license issued by the director or the provision of any rule or regulation of the bureau commits a civil violation for which forfeiture not to exceed \$1,000 may be adjudged. Each day of a violation shall be considered a separate offense.

12/9701 Hindering state forest ranger or town forest fire warden

Any person who prevents or obstructs, or attempts to prevent or obstruct, a state forest ranger or town forest fire warden in the performance of his duties or the exercise of the rights of entry, access or examination by any state forest ranger or town forest fire warden shall, notwithstanding section 9701, be guilty of a Class E crime.

Women Golfers – What's the Best You Can Score?

Did you ever walk off the course with what you thought was a pretty good game, but the score didn't reflect your play because you lost your ball in the second hole pond? The next round had you scoring incredibly well on the second, but your putting was off on some other holes. What could your best possible score be on this course?

Here's a chance to find that out: just sign up for the Women's Ringer Box, and a chart will be updated with the best score for each hole, thus providing you a "best possible total" score. See the sign-p chart on the glass sliding door in the clubhouse. Let's all put in \$3.00 so we can award the winner at the end of the season luncheon. Scorecards will be picked up in the Women's Ringer Box each Sunday after the scramble and new Scoring Chart will be posted each Sunday evening. Questions. ...call Laura Davis (655-7267)
