Town News

Island Manager's Comments

Greetings Everyone,

Ferry: We took the necessary time last week to remove some of the weight from the counter-weight on the mainland gantry which has helped balance the system and improve the operation of the ramp. During the process we took the time to partially disassemble the sheave on top of the gantry for inspection. It was determined that the bearings should have had lubrication grooves but didn't so the engineer has ordered a new set of sheaves which will be installed as soon as possible. We also adjusted the weights on the island gantry and will replace those sheave assemblies as well.

Surcharge: The surcharge on the ferry continues to add revenue to the ferry service. Through the 10th of July, we have received approximately \$26,000. Believe it or not, we are still doing everything that we can to minimize the operating expenses and still provide the ferry service that you want. Projecting the ferry revenues and the ferry expenses through the remainder of the season, assuming everything remains relatively predictable, and we have no unforeseen expenses, we should show an excess in the \$10,000 to \$15,000 range. If we are able to sustain this and we finish with an excess; that excess will go into a ferry operating reserve to cover unplanned operating expenses in the future. We currently have no operating reserve to fall back on if needed, which contributed to the need for the mid-season surcharge. Without it, we would have fallen short or would have had to reduce ferry service even more. I will keep you posted.

Growth Management Ordinance: The Planning Board is reviewing the Growth Management Ordinance and is going to prepare a proposed amendment to the existing ordinance. The Board will be scheduling a public hearing on Saturday August 19th to present this amendment for public discussion and input. If you have an opinion and would like to express it, this meeting is the place to do it.

Beaches: The beach committee has ordered signs for each beach which identifies the rules that have been established and approved by the Executive Committee. One of these rules states that dogs are not allowed on the beaches between the hours on 10:00AM and 5:00PM. I have recently received a number of complaints about people bringing dogs to the beaches during the day, allowing them to run loose, go to the bathroom on the beaches, and in general just being nuisances. I can get the police officer to enforce these policies but I would

hope that people would just use a little common sense. Keep your pets off the beaches during the hours of 10 AM and 5 PM and let the people, including the younger children, enjoy this wonderful asset that Frye Island offers.

Beaver: The trapper caught and has relocated 4 of the beaver that were raising havoc at Quail Circle. In addition, one small one was apparently hit by a car on Leisure Lane. He thinks that there are two remaining small ones left but they have smartened up a bit and are avoiding his traps. He has seen them in the area but they won't go near the traps. He will be taking a few weeks off to give them a break and then will reset his traps. In the meantime, we have applied for a permit to remove the dam and lodge.

Ferry Tickets: I have heard 2nd or 3rd hand that a lot of people have been complaining about the complimentary ferry tickets that are issued. Let me explain this a little. This is not a practice that just started but became a policy long before Frye Island became a town. Complimentary tickets are issued to the following:

- Municipal officers: (Executive Committee, Appeals Board, Planning Board, FII Board); as a token of payment for the many hours that they put in serving the Town.
- Town employees and Town deliveries: It is difficult enough getting good employees to work seasonally for the Town with no benefits. If we charged the employees to travel on the ferry daily, we would have to either increase their wages to cover the cost or have the departments pay their fare which would result in an increase in taxes. This is something we will review during the upcoming budget process.
- Store deliveries and store employees: In an effort to help the operators of the store minimize expenses and provide a service to the residents and guest on the island at reasonable costs Board included the issuance of complimentary tickets in the lease many years ago.

These do result in a loss of revenue to the ferry service but as stated earlier, it is a practice that was started many years ago but will be reviewed during the next budget cycle.

Police and Safety: We have had a number of cases of consuming alcoholic beverages in public places recently. Maine State law prohibits the consumption of alcoholic beverages in public places. As a matter of fact the possession of alcoholic beverages with a broken seal, (open container) is prohibited. This isn't just minors, but includes everyone. When the police officer responds to a complaint, which he has done a number of times recently; he must and has cited offenders. Please be prudent.

In addition, we continue to get complaints of vandalism and recently had a golf cart stolen which was recovered about a week later in the woods behind the Marina. I ride around the island almost every morning and very often see bicycles and things left in driveways very close to the road. One day this week a set of golf clubs was left leaning against a car about 5 feet from the road. This could be asking for trouble. You might want to think twice before leaving these items where they can be very easily taken. Unfortunately, we have people on the island that will do it.

Thanks, and have a safe week!

Wayne

Adoption and You

The Frye Island community needs **YOUR** help. The Conservation Commission MUSHROOM WALK A GREAT SUCCESS!

Thanks to the Maine Mycological Association, Frye Islanders discovered that they live in a virtual cornucopia of mushrooms. Over fifty participants combed the woods to find and gather an incredible variety of mushrooms during the Mushroom Walk sponsored by the Recreation Commission. Members of the Mycological Association then pointed out the different characteristics of various classes of mushrooms, including what is and is not edible! The youngest participant was two-year old Matyas LaRhette whose mother says he has a keen eye for spotting mushrooms. Special thanks to the Mycological Association and to Cathy Giggey who organized the event.

Thanks Phil Perry for the great pictures!!
