PROCEDURE FOR EMERGENCY MEDICAL SERVICES

When the need arises for EMS, Emergency Medical Services, please call 911 immediately. Our dispatch center is Cumberland County Regional Dispatch Center located in Windham and the dispatcher, after getting vital information, will contact the EMS crews for both Frye Island and Raymond Rescue to respond via the radio system. The ambulances will respond directly to the scene where needed. Please do not drive the patient to the Fire Barn or the ferry landing as the crews may be on the road doing driver training or at a community event.

In an emergency, please call 911 as soon as possible and give your new 911 address number and street name to the dispatcher! Not sure if you really need 911? Call anyway! The EMS crews will respond and help you with the medical situation and direct you to what medical care is needed!

Pest Alert

The State of Maine Forest Entomologist visited the island last Thursday. Hemlock Woolly Adelgid has been found in several areas of the island, this is a very serious issue that can decimate the hemlock trees on the island. Also found is Elongate Hemlock Scale, which is extremely rare in Maine. The Forest Service will be coming back out to map the areas and advise a course of treatment. We are asking all residents and contractors to separate hemlock from other brush and we will have a specific area in the Transfer Station for only hemlock. Deb Edwards will have a few handouts for those who want them with more on the way from the State.

We are in the research stage with State and Federal agencies responsible for these types of problems and will provide more information as it becomes available.

Manager's Comments

On Wednesday, August 24th (weather permitting) we will only be running one ferry.

Fairpoint Communications will be renting our vessel to install the submarine cable for the islands new fiber optic system.

Thirty Day Notices!!!

The notices for not paying your property taxes will be mailed to delinquent tax payers on **August 22, 2016**. Please, if possible remit your taxes before these notices are mailed to you certified. The added costs will be placed on your accounts.

Public Beaches

It has been brought to our attention that dogs are on the beaches during the day. Please obey the ordinance. No dogs are allowed on the beaches from 10am to 5pm.

Driving Range (Golf Course)

This project is off and running. A driving range at the Golf course is a great idea. This project is being created strictly through donations. If you would like to donate to this project you may do so at the Town office.

Recreation Beach

Recreation beach has deed restrictions that must be abided by, no exceptions. We have spoken to this before in the FINS.

No personal items including kayaks, canoes, or other small boat may be left overnight on Recreation Beach. FIPD will try to locate the owners and create a resolution for removal. If this process is unsuccessful DPW will remove these watercraft in two weeks to a secure location at the transfer station.

If you own any of these watercraft please remove as soon as possible.

MSAD#6

Jim Moses and I had a very productive meeting Tuesday August 9th. We have requested our legal team to do some research and look forward to moving on shortly with multiple ideas for a long term resolution.

LEA and Milfoil

I am pleased to report that the Lakes Environmental Association was on Island removing milfoil. Our own diver Larry Pilotte has been working with volunteers on Wednesdays to keep ahead of the invasive aquatic plant. I want to report that they have cleaned out Long Beach Marina, Quail Circle and Moose Lagoon. Please be careful where you go with your water craft and check your props to help our Lake, Island, and Marinas stay milfoil free. Once again I want to thank the tireless volunteers that have been working with Larry. Thank you one and all.

Our diver Larry Pilotte is still working on Wednesdays 10-3 pm Volunteers needed. Tel# 603 398 0833 email: divecon@juno.com. Volunteers can also call Roxie Olmsted (207) 210 2136

Board of Appeal Volunteers

Any members whose terms have expired need to let the Administration know they are willing to continue. On Saturday August 6th the Planning Board held a meeting and I am pleased to announce we presently have a full board and alternates. I want to thank all the folks that participated in the meeting and signed up to volunteer to continue to serve.

Town Office Hours

The office will be open Tuesday thru Saturday from 9 am to 3 pm. Please take advantage of the available on-line services to help keep the line short in the office during high season.

If you have a brand new registration for a boat, car, golf cart or trailer, please try to come during the week when the office is not as busy. Call ahead to be sure you have all the proper documents and discuss with the office staff the possibility of an appointment time to complete the new registrations. A new registration can take more than an hour and you may be asked to leave copies of your documents for the registration to be completed and picked up later in the day or another day.

Refrigerator Magnets E911 Address

If you don't have a refrigerator magnet with your E911 address and street address on it, please come to the office to get one. It is very important that everyone in your house knows your E911 number and street name. When calling in for an Emergency, you **MUST** give both. It is also helpful if you can refer to the closest landmark such as Beach # or crossroad. An example would be E911 address 10 Harbor Road (need to give street name) Lot address is 1554.

Post Office Mail

To receive your forwarded island mail, please use your lot number and island street name. Do not use the Town Office (1 Sunset Road).

Ferry Ride Requirements

To pay the toll on the ferry you need an E-Z Ride card, a paper ticket, an emailed ticket, or a picture of the E-Z ride card. The ferry employees are not responsible to type in numbers or take verbal requests to use another party's card for passage in any situation. Please provide family, guests, and any vendors you have with one of the above tools for ferry passage.

Contact Information

The Administration is trying to update the Island email addresses. Please either stop in or email your current email address, name, and telephone numbers to Marie Tedford, Town Clerk at townclerk@fryeislandtown.org. This will allow us to reach you with any pertinent information year round.

Please take note of the new email addresses for Town employees, they all end in fryeislandtown.org.

Long Beach Marina and Quail Circle

The Long Beach Marina and Quail Circle are full this year other than 2 general slips with weekly rentals at Long Beach. Please be sure to put your Marina Sticker on your boat. We will be towing squatters. If you rent out your slip, whether yearly or temporarily, please notify the Town Office with a letter stating the person renting, a phone number for them and your slip #. Your renter will need a Marina Sticker also.

Recent dredging spoils from marina inlet being spread on Long Beach by Trench Monkey Tim Jedi Knight.

Public Works: Thanks to Ken Gardner for his donation of a riding mower to be used to mow the edges around the ball field. Thanks Ken for your kind donation to "Cappy Field".

Waterline: The many talented Trench Monkeys are on waterline hiatus, fixing picnic tables, building kayak racks, repairing marina docks, making repairs to the ferry trailer and grinding brush for mulch! When their "honey" do list is completed their next road for waterline replacement will be Lakeview Circle.

Transfer Station: Mulch is ready and on sale, 6 yards delivered for \$100, or 3 yards delivered for \$50, call the DPW garage to arrange delivery at 207-655-7493.

Ferry: On Wednesday, August 24th (weather permitting) we will only be running one ferry. Fairpoint Communications will be renting our vessel to install the submarine cable for the islands new fiber optic system. Our remaining ferry will constantly shuttle during this cable install. Remember the ferry will run on the 15 minute schedule or load and go whichever way is needed at that time.

Frye's Leap General Store and Café

655-4256

Hot and humid days are here. High temp, high humidity and high chance of thundershowers. Don't let that get in the way of coming down to the café to enjoy a cold frozen drink, a cold beer or ice cream! We can help you pass the time on a rainy day.

We had another great week at the café this past week. Once again our guest hosts for Trivia did an excellent job. Thanks to Grace, Jordan, PJ and Will for teaming up and hosting! If you have not had a chance yet to attend trivia, time is running out as there are only a few weeks left (hard to believe but August is almost half way over)! Karaoke unfortunately got rained and clouded out but it will be back next Wednesday weather permitting so come on down and sing with us! Also, with the fact that many of our staff are starting to leave and we are beginning to find ourselves short handed, we will be serving buffet dinners on both Tuesday and Wednesday night. We will be featuring some of our standard menu as well as experimenting with some new items. Look to our facebook page for more information regarding the buffet dinners.

In the store we are doing our very best to keep things as stocked as well as we can. We have a wide assortment of items and hopefully all of the basics that you need for your fill in shopping needs. If there is something that you cannot find, please be sure to let us know. Out on the deck in front of the store, in addition to a rack of some of our most popular items, we also have a table of sale items with shirts and sweatshirts from prior seasons. These items have been marked down 25% and more in some cases. Be sure to take a peek when you are down at the store. You never know what you might find! Finally, if you need a quick grab and go item, be sure to check our sandwiches, café salads and steamed hot dogs in the back corner by the coffee station.

In the café we continue to roll out our weekly specials. Each week we have a specials board featuring several appetizers as well as several meals. This week's specials include a Pizza Fries plate, a Panzanella Salad, and a Carnitas Mac and Cheese dish. All extremely yummy!

In the café I want to reiterate that this coming Tuesday and Wednesday evenings we will not have menu service but will instead be serving a buffet dinner. Be sure to check out our facebook page for more info regarding these nights. And if you have not heard yet, we also returned to the breakfast buffet format for Saturday and Sunday breakfasts. There are a number of reasons for this decision but most importantly we believe that we are able to produce a better, more consistent product with the buffet and better serve you as our customer. Come enjoy our reformulated breakfast buffet with us one of these coming Saturdays or Sundays.

To recap our regular events, Monday is Margarita Monday with a \$1 off your favorite margarita and Thursday is Thirsty Thursday with a \$1 off your favorite draught beer. And then for your listening pleasure on the weekends, we have local artists scheduled to play some music (weather permitting). Be sure to stop by and listen to the music!

Wrapping things up, our schedule for the **store** this week and for the balance of the summer is as follows (weather permitting).

Friday and Saturday	8:00am	10:00pm
Sunday thru Thursday	8:00am	9:00pm

For the **café**, our hours for this week and for the balance of the summer are as follows (weather permitting).

Friday	11:00am	9:30pm
Saturday	8:00am	9:30pm
Sunday	8:00am	8:30pm
Monday thru Thursday	11:00am	8:30pm

Ice cream will be open daily at 11:00am and remain open until the café closes, weather permitting. We look forward to seeing you down at the store and café!

In an emergency the Vial of Life will speak for you when you can't!

What information does the Vial of Life hold:

A Vial of Life form with your name, date of birth, primary doctors information, medical history, current medications, allergies, etc. This is stored in a baggie on the front of your refrigerator door or in a vial in your refrigerator.

Frye Island EMS is offering the “Vial of Life” program to the island residents. The Vial of Life is designed to speak for you when you can't speak for yourself. The vial contains important medical information that can assist emergency personnel in administering the proper medical treatment.

If you would like to use the Vial of Life call Frye Island EMS Department at 655-8618 for a rescue member to visit your home and help you complete the Vial of Life.

Blood Pressure:

The EMS crews will be doing blood pressure checks on Monday/Wednesday/Fridays from 10 AM to 11 AM down by the Café. Feel free to stop by and have your BP checked!

Emergency Medical Responder Class – The Frye Island EMS division would like to have more folks on the island trained to assist the EMS crews on emergency medical calls. We are looking to find out if there is enough interest to host an Emergency Medical Responder class (EMR) this summer. The class is a 54 hour class and we will schedule it if we get enough interest. As an EMR, you would be licensed with Maine Emergency Medical Services and would be able to work on the rescue underneath the guidance of an EMT. The class would consist of training on basic first aid, splinting, wound care, controlling bleeding, human anatomy, medical diseases and more. If you are interested, please email the EMS Director, Cathy Gosselin at cathy.gosselin@fryeislandtown.org.

Frye Island Triathlon – “The TriFrye”

Sunday, September 4th @ Noon

The Recreation Committee will hold an informal triathlon on Sunday, September 4th at noon. The event is open to participants of all abilities, including those who would prefer to kayak, SUP or snorkel instead of swim.

This is meant to be a fun event and people are encouraged to participate either individually or as teams. We would especially like to see even more family teams this year.

The two transitions will be at Beach 6 but the start will be at Beach 5. The order of events is Swim, Bike, Run. The swim leg will be from Beach 5 to 6 (1/3 mile). And then there will be a 6 mile bicycle ride around the island followed by a 3 mile run. Participants are expected to time themselves.

New this year, will be a special identification and recognition for those who enter the event as a “purist” (meaning no assistance other than one’s own body strength during the swim leg). Self timing and monitoring is still required for this category as well. Please arrive at Beach 5 at 11:45 so we can start the event on time.

PARTICIPANTS - There is no registration nor entry fee - just show up, participate and have fun.

VOLUNTEERS - We need a minimum of 6 kayakers and SUPER’s to spot and watch the swimmers during the swim leg. Please contact Patti Brown for any questions or to volunteer at pattibrownre@gmail.com

SPECTATORS - The best place is at Beach 6 to watch the end of the swim leg, transition from swim to bike and bike to run and then the spectacular FINISH! Come cheer on your fellow islanders!

GOLF DRIVING RANGE AND PRACTICE PUTTING GREEN UPDATE

The golf driving range and putting green project got started in earnest this week. We want to thank the

Selectman, the Town Manager, the DPW Director and the Planning Board for supporting this project, which will be funded totally by donor contributions. Thanks to Jim Kuiken, Chris Gruner, Steve Kaplan, Tim McCarthy, John Thompson and Gary Donahue for their help in guiding us thru the planning process. On Tuesday of this week the major site work for this project began. It started this Tuesday by moving a giant Caterpillar D6T Bulldozer over on the ferry. Thanks to John Crosby and his ferry teams for the great job they did bringing this needed equipment to the Island. Come by this weekend and see all the progress we have made. Progress was made on many fronts this week. With an approved project in place the fundraising began. I am pleased to

report that we have already received pledges and contributions in excess of \$26,000 which is more than 33% of our total budget of 75,000 for the project. I want to thank the following Islanders who made contributions and pledges this week. Ken and Maggie Hanchett, Ron Melanson and Family, Jon and Stefanie Hartman, Paul and Ann Marie Murphy, Phil and Karen Spring, Bruce and Kathleen Hickie, Dave and Heidi Bond, James and Susan Hodge, John and Theresa Hodge, Tony and Sandra Solis, Todd Keigwin and Randy and Kathy Kannaird. I would appeal to all of my fellow Islanders to support this project. This is an Island project. First and foremost it is an excellent project for youth of all ages on our Island. It will give them a great place to go and have some fun. Hitting balls and putting could be great fun without the cost of a golf membership. Children of all ages could come up and learn about the game. We are hoping we can find a way to conduct group golf lessons for children in various age groups. It would be a great place that they could also go to and have a hot dog and an ice

cream float after enjoying the range and putting green. The range and the practice putting green could be incorporated into the summer youth recreation programs. While our course operation has been financially sound it needs to be sustainable in the years and decades to come. Exposing our youth to the game will help insure we continue to have new members. The average age of our golf membership continues to climb. We need to expose new families to all the golf course has to offer. This project should help doing that. The more quality attractions we have on this Island, we all call home, the better the quality of our lives and our children's and grand children's lives will be. This project will continue to promote community and will give us all more chances to meet new people and more of our neighbors. There are many on the island who have told us they do not

have an interest in golf but would go up and hit some balls and enjoy putting on a golf green. This would make everything about our golf operation more vibrant. The club's backyard area and deck can become an amazing area to relax and have fun!

Special thanks this week to Dale Frechette our Island neighbor and excavation contractor and Pat for helping us with planning and executing the site work and procuring and transporting the CAT D6T Bulldozer. Dale has been extremely helpful and a great project partner who has helped us greatly the past few weeks. Thanks also to Mike Daigle, Jon Hartman, and Paul Murphy for their exceptional volunteerism this week.

It is our hope that every Island family will support this worthwhile project. For those who have already given ask your neighbors to support this project. For all of you with children on this island consider helping us with this project which will provide them with a great new venue to have some fun. Your contributions are tax deductible. Contribution forms and donations can be found or made in the office, the golf club house or by seeing Todd Keigwin or by stopping by at my house at 281 Leisure Lane.

Thanks again to everyone who has helped make this project a reality. We are hoping we can finish the fundraising by Labor Day.
